

Homeschooling Families Support Program

Objective: The Objective of the Homeschooling Families Support Program is to aid Active-Duty Coast Guard families with the cost of their Homeschooling Curriculum. Through communications with Coast Guard families, we have determined there is a significant group who choose to Homeschool. Our goal at the Foundation is to recognize the needs of our families and do our best to support them while stationed in Cape May County.

Eligibility: This Program is open to Active-Duty Coast Guard members and their families who are stationed in Cape May County.

Eligible programs: We recognize that every family manages their Homeschooling Program in different ways and each child has different needs. When applying for this Program, in order for us to assist you, there will be a brief phone interview with the Homeschooling Parent and the Executive Director.
